

# Template definitions

## Product detail page

	Item Name	Description
A	<b>Header text</b>	Page title
B	<b>Body copy</b>	This area of the page will be comprised of copy, lists, links. There is also the option to include a link back up 1 level to the Product Group Intro page to view the 3D demo (at such a time as it is applied).
C	<b>Product image</b>	Static image
D	<b>Next steps area</b>	As per previous page.
E	<b>Link to Samsung.com</b>	This link will allow the user to view all the products within a given grouping at Samsung's main website. It is important that the labelling of this link inform the user that they will be moving to a new site.
F	<b>Product information tabs</b>	This section contains the product detail . It is comprised of 4 sections, each accessed via a clickable title tab. The 4 sections are product summary, why choose this product?, specifications, supplies & options. Each section provides access to a product detail PDF.
G	<b>Product information tabs - different tab selected</b>	This shows the view seen when a different product information tab is selected.
